Not everyone shares Kathy's vision of Christmas. 'A guy I once worked for said he thought Christmas was "bumhug". I thought he was just getting his Dickens in a twist, until he cornered me at the office Christmas party that year, and I found out exactly what he really meant.' Like us he probably had *Great Expectations* of Kathy, our Happy X-miss gift to you. May all the rest of your presents be as pleasant.

LINDA

PHOTOGRAPHED BY BASIL CRAWFORD-SMITH

'I'm definitely into the Sixties,' declares 24-year-old Linda Adams proudly. But it's not passionate pensioners that set this 36-22-34 inch Shrewsbury girl's heart a'flutter, but rather long playing platters from the era of kaftans, flower power and free love, for Linda is obsessed by the music of the 1960's. 'There's just nothing to compare these days,' she says. 'I saw *The Who's* 25th anniversary tour, and they were great.'

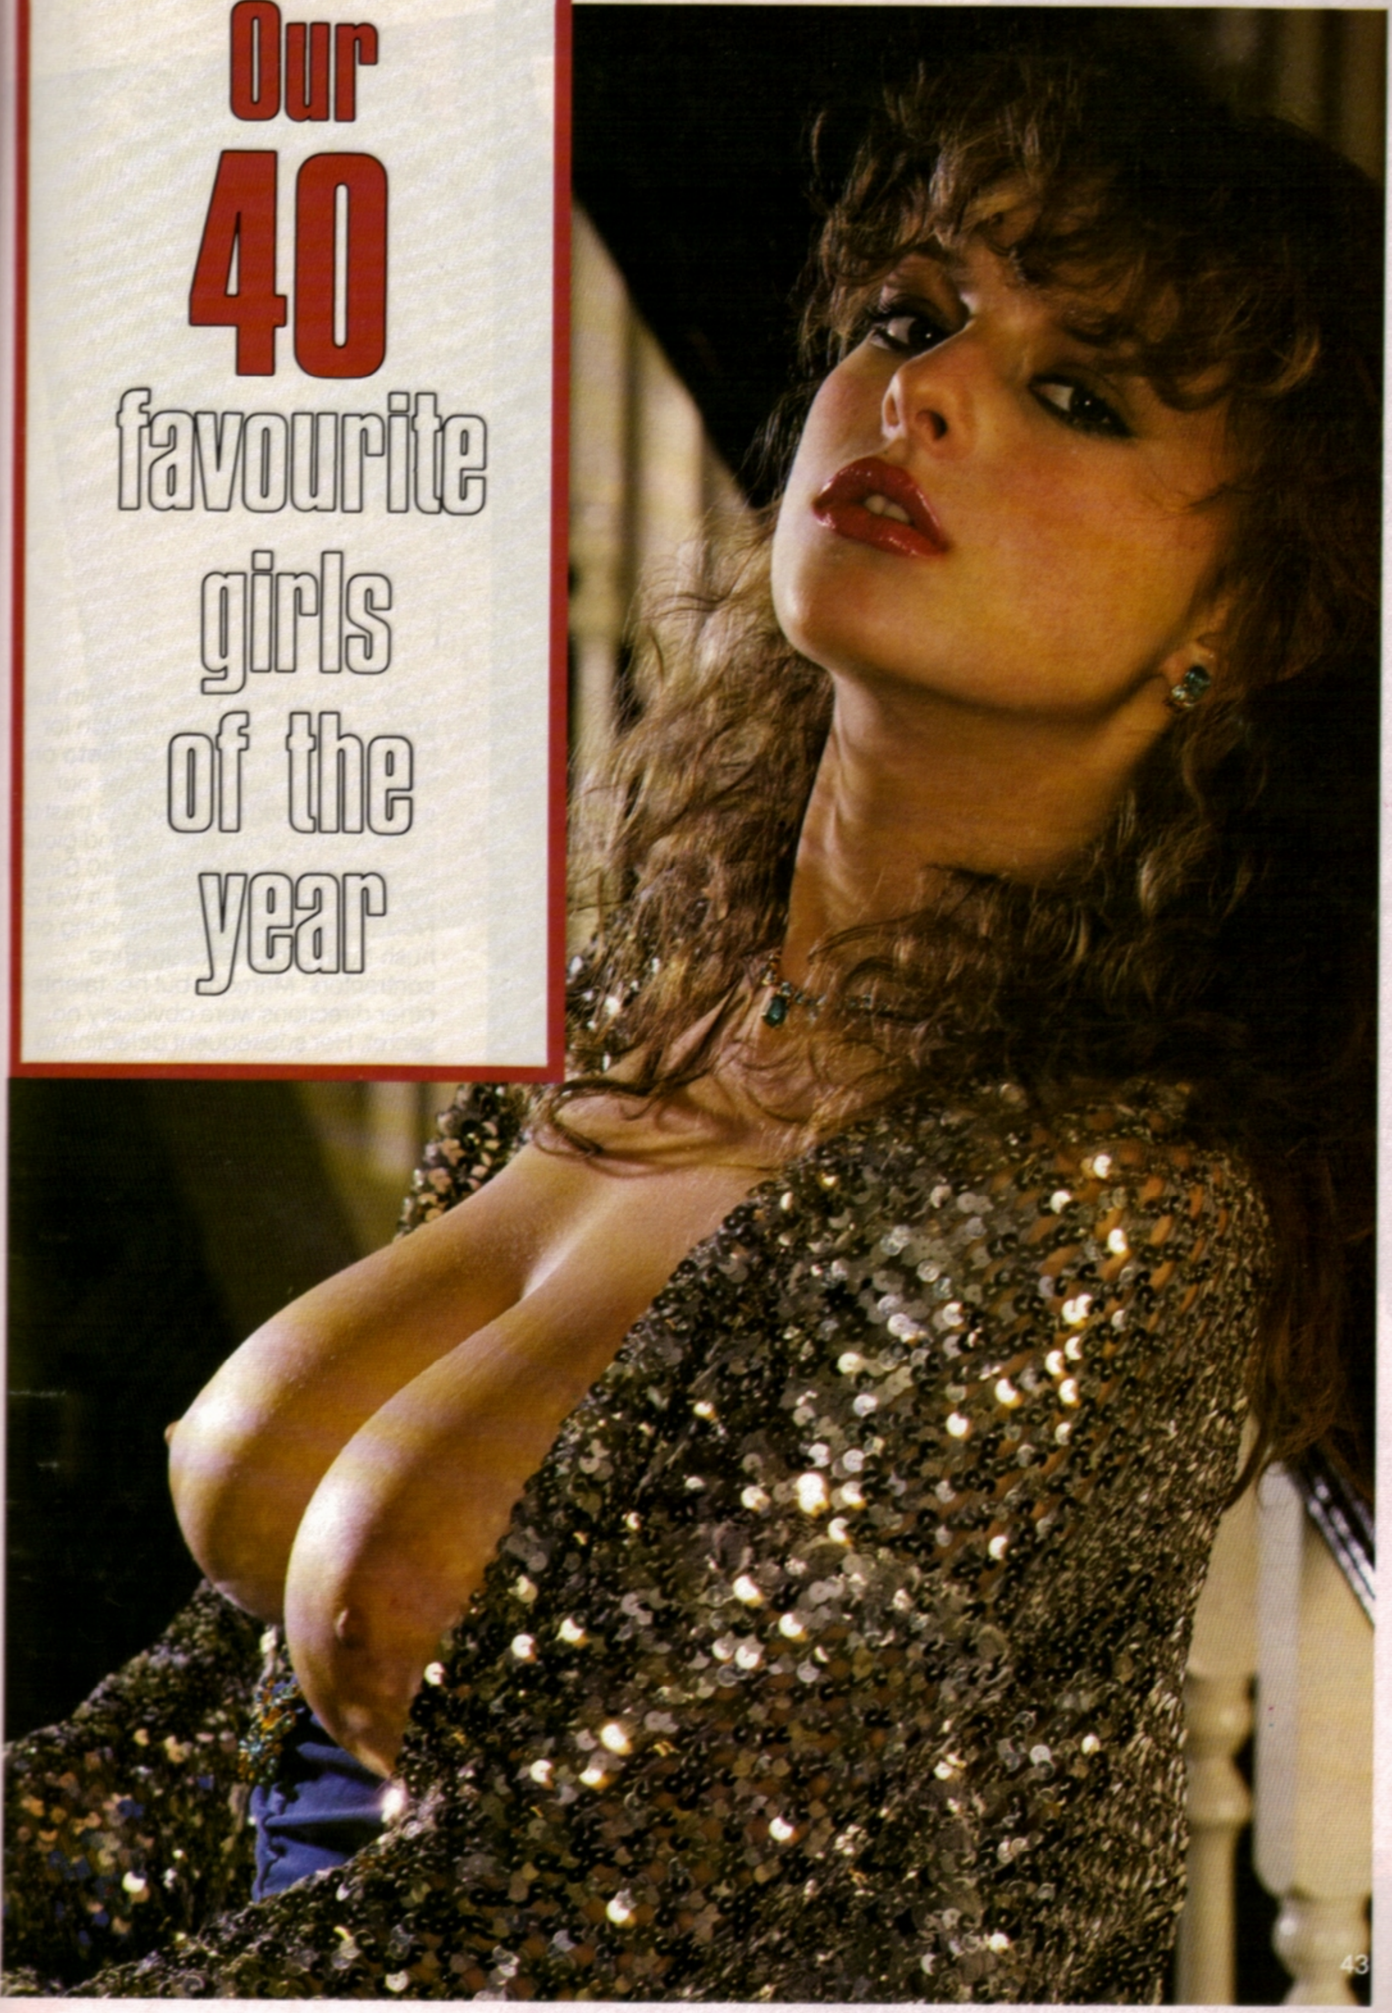
Our 40 favourite girls of the year



Holly and Ivy, when they are both full grown, would hardly be a match for top page Three girl **Toni Shilleto** on the previous page, who opens our annual pilgrimage to *Mayfair*'s past for a pantieless pantomime of prodigious proportions. Yes it's our Top 40 Girls of the Year. Toni, our centre girl in Vol 23 No 12, started her career working on hush-hush projects for defence contractors' Marconi, but her talents in other directions were obviously no secret. Her subsequent defection to Page Three could not be covered up. Nor could the splendid attributes of the most sociable of social secretaries, 23-year-old **Annabel Cawston**, on the left, who allowed us a quick peek through a window in her packed filofax, back in Vol 23 No 8. Stardom was also on the menu for Southend waitress, **Minka Kokos**, top right, a *Daily Mirror* Dream Girl who graced our pages in Vol 23 No 3. On the right of her is antique enthusiast **Alison Colby**, from Vol 23 No 10. A fine collector's piece in her own right, she permanently waved goodbye to hair-dressing to become a full time model. What X-rated Xmas would be complete without a rousing Christmas Coral? **Coral Burton**, that is, our spectacular 36DD centre girl (below right) from Vol 23 No 1. Coral now runs her own modelling agency in Ilford, Essex, and our grasp of figures tells us she certainly won't go bust in a hurry.

Everyone was bats for **Lu Varley** (lef

her fang club really took off when she

debut in Vol 23 No 8. Another
advertising sensation was **Veronica

subscription ads resulted in torrents

The modelling career of air hostess **Kathy Turner** (left) really took off when we made her our cover girl in Vol 23 No 11. Her far from plane looks could cause stirrings in even the most staid of cockpits. 'Please Sir, **Paula-Ann Bland** (below) from class 5 C has taken her clothes off for *Mayfair* magazine,' ran the gossip round TV school *Grange Hill*, when one of its former stars stole national newspaper headlines with her appearance in Vol 23 No 3. After several examinations we put her in a class of her own, and the reports from readers were equally favourable. **Lesley Dempsey** (opposite) told us she had a problem when she appeared in Vol 23 No 6 — every time she heard music she wanted to peel off and dance naked to it, could we recommend anything? Tunes, we suggested hopefully, but to little avail. Lesley had set her heart on capturing a soldier, and was off on manoeuvres before we knew it. Look after your privates whenever 34-22-34 Lesley is in the area is our advice.

', but '

'I even changed my name to Linda, because of my obsession. Now every time Jim Morrison, the lead vocalist of *The Doors*, sings *L.A. Woman* on my CD player, I can imagine he's singing it just for me.' Linda's taste in men reflects her mania for the 60's. 'I like long haired leather wearers the best.' Most nights Linda can be found down the *Hole in the Wall* in Shrewsbury feeding coins into the pub's 60's juke box.

'More front than Blackpool' was reader GK of Chester's verdict on **Natalie Banus**' 40 inch bouncers, pictured left. This well-stacked Star bird joined us in Vol 23 No 5. In the same issue was 21-year old **Louise Darrow** (below), this fashion adviser only had one thing to say: 'codpieces', they're on the way back apparently. Also on the way back is Vol 23 No 12's **Kate Bannerman**, on the right. This re-incarnation enthusiast reckons she was a Cavalier in a past life. Customs' cutie **Carol Dean** (above) declared herself to us back in Vol 23 No 9.

Dressing like **Jill** (far left), our painted lady from Vol 23 No 10, could end up in a brush with the law, but fashion pundits reckon this could be the party frock of the future. It wouldn't be quite the ticket for ex-clippie **Beverley Bristow** (left), who got on in Vol 23 No 1. This fare maiden proved she had plenty of room up top. Public transport would be far too slow for 23-year-old **Susannah Burns**, pictured below from Vol 23 No 3. Her favourite pastime was riding her Yamaha DT 80cc trail bike. We thought **Paula Black** (right) was taking the *Mikado* when she asked us to let her stage an all-nude version of *The Pirates of Penzance*, back in Vol 23 No 5.

Why was Warsaw pact? Probably because they heard **Urzula,** our Miss Poland from Vol 23 No 4, pictured left, was paying a visit there. This 34-22-34 curvy comrade showed Solidarity in all the right places, could she be the girl who put the 'lech' in the Lech Walesa? If Urzula isn't your type, then what about the girl on the right, 20-year old **Harriet Wilkinson** from Vol 23 No 2? Harriet works at a print works in Bristol, and likes her men as she likes her newspapers — hot off the presses! What a marvellous pair below — two girls very much at home in the sun: **Chloe Morrell** (left) in her parent's vacation villa on the edge of the Camargue and **Rachel Garley** (right) on Page Three of the eponymous tabloid. Chloe told us, in Vol 23 No 10, that she gets her kicks from bareback riding, but as far as we know she's allergic to horses, so what does she mean? Rachel, pictured here from Vol 23 No 5, despises nightclubbing, and would rather spend her time knitting. Sew long Rachel!

Mayfair prides itself on being the home of thinking man's crumpet, and this was certainly true of 23-year-old **Amanda Jacobi** (below) in Vol 23 No 7. 'Some girls seem to have IQs smaller than their bust sizes, but Amanda,' wrote JG of Highgate, 'with her 37 inch boobs, six 'O' levels and two 'A' levels is obviously not as thick as two short planks.' If you want to know how thick that is you could do worse than ask **Cheryl Oakwood** (right) who has worked for a firm of timber merchants since leaving Kent Technical College. Her appearance in Vol 23 No 9 led a Canadian reader, Alan Guiry, to send us a fiction piece totally inspired by the set. We featured his peerless prose in Vol 24 No 10. All our girls are enchanting but few, like magician's assistant **Christina**, make a career out of it. Christina (bottom of the page) showed us her magic circles in Vol 23 No 1. **Berenice Outram** (opposite page) cast a spell on readers, too, when she joined us in Vol 23 No 6. She's always welcome back.

'I absolutely adore Christmas, the carol singing especially,' says Alicia.'Each year, my friends and I visit hospitals in our area, and sing to people of all ages. I've done it for the last five years now, and know virtually every Christmas carol off by heart.' And as if to prove the point, striking 34-24-36 inch Alicia breaks into a lively rendition of *While Shepherds Watch Their Flocks By Night*. 'What do you think?' she asks with a cheeky grin. 'Being a hairdresser, I get plenty of practice, but I'm not too sure what my customers must think.' Christmas for Alicia will be spent at home.

'It might sound boring, but I'm a great traditionalist when it comes to Christmas. I'm not really into wild boozy parties, and waking up on Christmas morning with a whopping hangover. I'd rather stay in, and help my parents prepare the turkey, while tucking into a pile of mince pies. I even, would you believe it, leave a little glass of whisky on the mantle-piece above the fire-place for Father Christmas. I guess I'm still a little girl at heart who doesn't really want to grow up — well not just yet, anyway.'

So here she is, all nicely unwrapped, our Christmas present to you, our 18-year-old Alton nanny, Brigitte Barclay, whose 38D-24-32 inch figure made her one of the modelling sensations of 1989. Since appearing in our pages, Brigitte has gone from strength to strength, working all over the world, including Spain and the Canary Islands. With all the calendar work she's picked up, it looks like it won't only be a Merry Christmas from Brigitte, but a Happy Nude Year to boot. And, who knows, 1990 could be the year that Brigitte fulfils her major ambition, to appear on Page Three.

It was Page Three that first drew Brigitte into modelling. 'I looked at *The Sun* one day, and thought, ''I could do that''. After all I have got the assets so I may as well use them,' she told us. Still it seems a shame to lose her to the likes of *The Sun*, where we certainly wouldn't see as much of her as we do now. As reader FC of Salford sweetly put it: 'I would like Brigitte to kiss me under the mistletoe,' but then he spoilt it by telling us of the novel place he chooses to hang it. Shame on you FC.

MADELINE

PHOTOGRAPHED BY JOHN PATRICK BURGESS

'Don't you think women look great in hats?' says 24-year-old Madeline Blake. 'Ever since I first started playing around with my mother's hats when I was young, I've always had a thing about them. They give a lady style and charisma. I remember at a wedding once, I wore a wide-brimmed red coloured one, and the number of compliments I received was amazing. I might have been the bride.'

'You don't get many of those to the pound,' the building site wits whistle after Rachel Clark and her 38 inch chest. If pressed, especially after a bottle or two of red wine, 20-year old Rachel will admit that, in fact, you only get 0.42 of one of her boobs to the pound. She's weighed them, then? 'Only once,' she says coyly, 'I was slightly tipsy, and just a bit curious. I plonked one on to the kitchen scales and weighed it.' The impressive results tipped the scales at 2lb 6oz each.

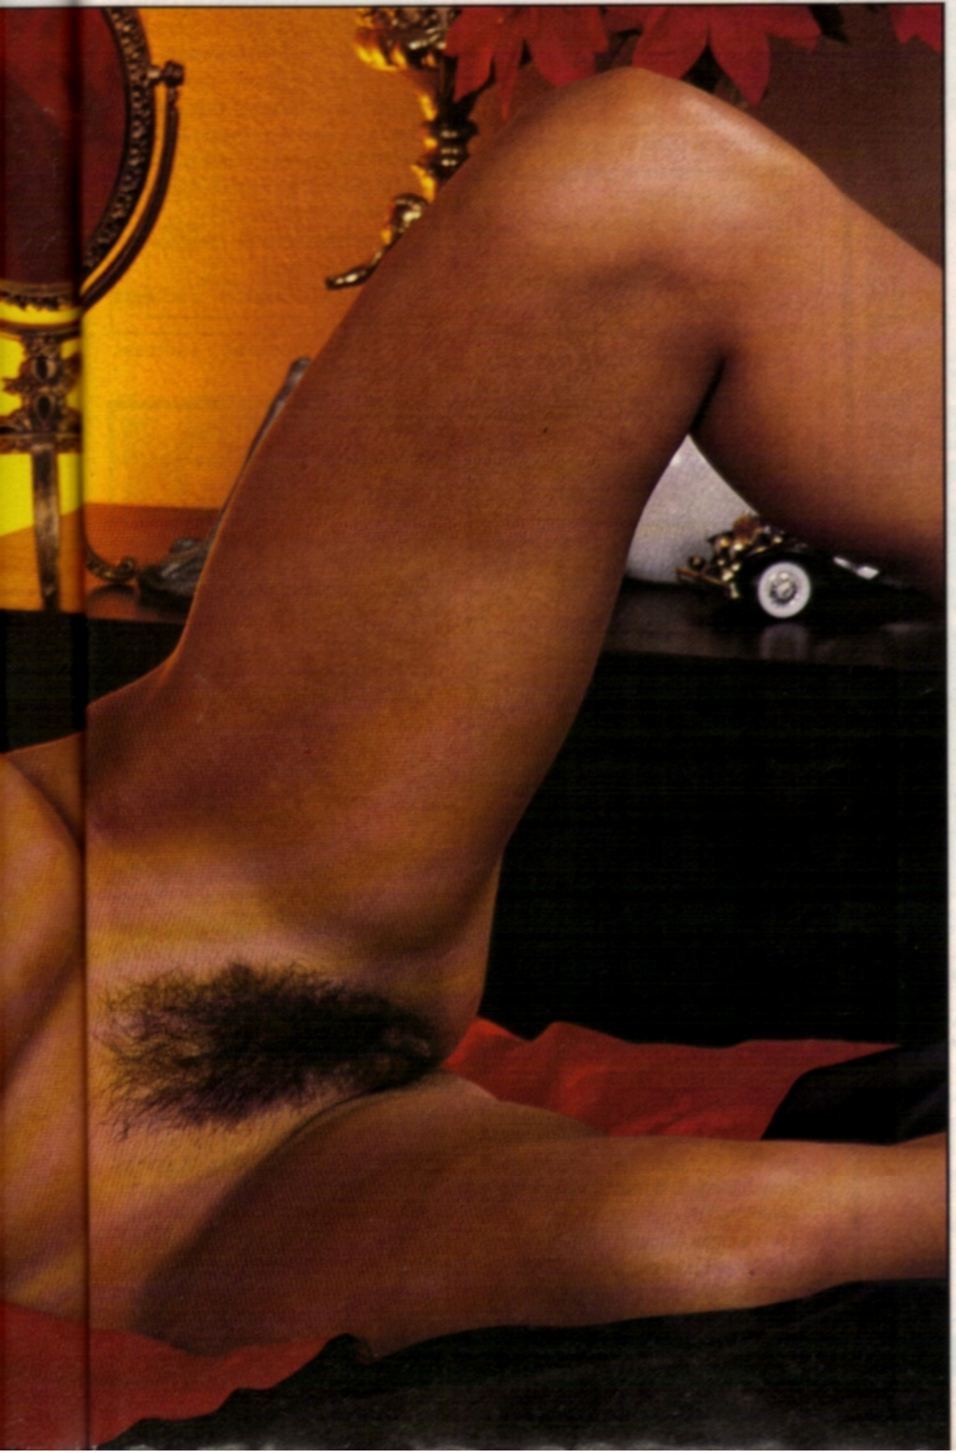
Georgina

PHOTOGRAPHED BY DALE HARTMAN

'I don't really know what I can tell you about me that your readers would find interesting,' admits 26-year-old Georgina Duffield with candid honesty. 'Basically, I'm the type of girl who prefers quiet nights in and good conversation to smoky discos and pubs. In a way, I suppose I am your typical girl-next-door who you'd chat to over the garden fence.' Not that this building company PA from Ipswich is short of offers with her 34-22-34 inch figure.

'Where men are concerned, I seem to have a certain allure,' she confesses. 'Of course, working in the building trade only makes matters worse. When I walk across the yard, they all start whistling at me. I enjoy the compliments, but the lads make me go bright red sometimes with their suggestive remarks. I've often been told that men find shyness in a woman a great attraction. Judging from the behaviour of my colleagues this week, it must be true,' she says.



Away from the muck and dust of the builders' yard, Georgina spends most of her free time cycling. 'It's the best form of transport ever invented as far as I'm concerned. Last summer I went on a cycling holiday around Ireland with my sister, and had a terrific time. I think if we all cycled once in a while, the world would be a nicer place, don't you?'
